SY-603 White

SY-603 White – the new design case from Inter-Tech

The SY-603 White convinces with it's intelligent cable management, an excellent air circulation and the simple design.

By the possibility to mount optional 120mm fans is an excellent air circulation possible, that cools your components to the ideal operating temperature. The Easy-Clip-System for the 5.25" drives, three bays for hard disks and SSDs and the USB 3.0 port on the Top-Panel round out the technical features.

In addition to the simple assembly of the components, the well-thought cooling conception is one of the main criteria for a good case. At each oft the three HDD-Trays, you also have the possibility to mount an additional 120mm fan.

The SY-603 White is equipped with many small extras to increase appearance, comfort and user friendliness. Whether its the white noble interior paint, the possibility to place the HDD-Trays, that you can build in long graphic cards, the intelligent cable management, the fan preparations in the top of the case, the internal Card-Reader or the prepartion for an optional water cooling system – everything was thought of!
